

BISBEE DAILY REVIEW

REGULAR MEMBER OF THE ASSOCIATED PRESS.

VOLUME VII

BISBEE, ARIZONA, FRIDAY, OCTOBER 23, 1903

NUMBER 147

THERE ARE BUT TWO PAPERS IN ARIZONA IN THE ROLL OF HONOR IN THE AMERICAN NEWSPAPER DIRECTORY--THE REVIEW IS ONE OF THEM

THERE WAS A VERY HOT TIME IN DENVER

In the Court Martial Proceedings Against General Chase.

IT ALMOST RESULTED IN ENCOUNTER

Between General Bell and Counsel for the Defense
--Court Room Cleared and Case Continued Behind Closed Doors.

Denver, Oct. 22.—The court martial proceedings in the trial of General Chase were marked today by outbursts of passion and some rulings of the court which are said to be novel in court martial hearings. Adjutant General Sherman M. Bell was on the stand, and his wrathful objection to interference of Attorney for Defense Willis V. Elliott, and the defendant rejoinder of that lawyer for a moment threatened to result in a personal encounter. The court room was cleared, and although it was not made an executive session, the hearing was continued behind closed doors, members of the press as well as the public being excluded. Later a ruling was made that counsel for

the defense must not interrupt the witnesses with objections. When court convened this morning briefs of the attorneys were presented on the question of whether Gen. Chase made an oath to return in the Davis habeas corpus case, on which a charge of perjury is based. The notary whose duty it was to administer the oath testified yesterday that the oath was not administered. The attorney for the defense produced authorities to show that no such oath was necessary and perjury can not be predicated, except upon a "necessary" oath in court. After an hour and a half of deliberation in executive session it was decided that Gen. Chase did make a legal oath in the case.

WORLD'S RECORD.

Is Smashed by Dan Patch in a 1:56 1-4 Clip.

Memphis, Oct. 22.—A mile in 1:56 1-4 was made by Dan Patch at the Memphis Trotting Association's track in a trial against time.

The pacer clipped three-fourths of a second from the world's record of 1:57 held by Prince Albert, and lowered his own record by 2 3-4 seconds.

The mile was paced without a wind shield, and at the finish Dan Patch seemed fresh and vigorous.

The trial was made with two runners to set the pace.

The quarter was reached in 29 seconds, the half in 58, and the three-quarter pole in 1:37. As the horses swung into the stretch Dan Patch was pushing the forwards runner so closely that scarcely a hand's breadth intervened between his nose and the back of the driver in the forward sulky.

A BIG CASE.

Decided Against the Pittsburgh Reduction Works.

New York, Oct. 22.—A case involving the entire aluminum industry of the country was decided here today when the United States Court of Appeals handed down its decision, upholding the validity of the so-called Bradley patent for smelting by the use of electricity. The suit was one brought by the Electric Smelting and Aluminum company of Cleveland against the Pittsburgh Reduction company, the only concern manufacturing aluminum in this country, and the court reversed the decision of the lower court, which granted the Cleveland company an injunction restraining the Pittsburgh Reduction company from the use of processes at present employed, and ordered an accounting of profits for the time it has been manufacturing aluminum in infringement of the Bradley patent, some twelve years.

KING'S DAUGHTERS AND SONS.

Hold Annual Convention in Michigan and Usual Proceedings.

Northville, Mich., Oct. 22.—The seventh annual convention of the Michigan branch of the International Order of King's Daughters and Sons began here today with an attendance of delegates representing the 1,600 members throughout the state. The opening session was held in the M. E. church this afternoon with Mrs. Emily Fuller, of Flint, presiding. Reports of general officers and county secretaries occupied the greater part of the session, after the usual addresses of welcome had been delivered and responded to. The report of Mrs. J. C. Rexford, of Detroit, the general secretary and treasurer of the state branch, showed the affairs of the order to be in good condition. The year has been one of great activity in the work of the order.

The convention will be in session through the remainder of the week. Officers for the year will be chosen tomorrow. The business sessions will be interspersed with features of attractive entertainment arranged by the local members.

PAYNE WORKING.

Washington, D. C., Oct. 23.—Postmaster General Payne today removed Michael W. Louis, superintendent of supplies of the postoffice department; Louis Hempner, chief of registry; vision of the third assistant postmaster general's office and C. B. Terry, a \$900 clerk in the postoffice department, and directed the postmaster at New York to remove Otto Weiss, clerk.

These removals are the first result of Fourth Assistant Postmaster General Bristow's report on irregularities in the postoffice department.

METAL MARKET.

New York, Oct. 22.—Silver, 61 3-8c; Mexican dollars, 46 3-4c.

BASEBALL GAMES ARE ARRANGED

A SERIES OF GAMES WILL BE PLAYED ON THE DON LUIS GROUNDS BETWEEN THE BISBEE TEAM AND EL PASO.

There was a meeting of the baseball fans in the fire house last evening at which a series of prospective games between Bisbee and visiting teams was discussed. Manager Allie Soules informed those present that he has made arrangements to bring the El Paso team, winners of the series at the Albuquerque Fair, to this city for a game on Sunday, November 8, and that he expects to be able to arrange for games with the teams from Tucson, Deming and Lordsburg, New Mexico.

The Bisbee team will be strengthened by Allen, who recently jumped the El Paso team, and played a star game at third; Hugh Dugan, the well known Galveston player; Conrad, another of this year's Galveston team; Welch, who has played during the last summer in the Missouri Valley League, and Seibert, of the three P's League, a noted heavy hitter.

It is the intention of Soules to have a game on each Sunday during next month, insofar as it does not interfere with any dates which may be made by the football team. He already has the assurance that the Tucson team will visit this city at an early date.

FOR STEALING TOOLS.

Mexican Brought Back to Douglas and Formally Charged With Crime. (Special to Review.)

Douglas, Oct. 22.—Mannuel Marcus, the Mexican who was arrested in Naco yesterday by Constable Billy Murphy and brought to this city yesterday by Detective Johnson, was arraigned in Justice Johnson's court today on the charge of larceny. Marcus is alleged to have stolen from the workshop of the Copper Queen company tools belonging to that concern. The theft was committed during the festivities attending the Fourth of July celebration. Marcus is supposed to have been an accomplice in the crime, but his whereabouts are not known.

NEW CRUISER.

The "Denver" Makes Trial of Speed Today—Must Make 16 1-2 Knots. Washington, D. C., Oct. 23.—The official speed trial of the new cruiser Denver takes place today over the government course between Cape Ann and Cape Porpoise, and the result is awaited with considerable interest at the navy department. The ship is in command of Captain Silman G. Chase and carries a crew of picked men from the yard of the builders, Neafsey & Levy.

GAMBLING IS LARGELY INCREASING

AS AN INDICATION THAT THERE IS A LARGE POPULATION INCREASE.

All the Establishments in Which Gambling is Conducted Are Crowded With Strangers—Many of the New Arrivals Are From the Mining Cities of Colorado.

Large crowds are to be seen standing and moving about on the streets of Bisbee for the last few days. Many of the faces to be seen there are strangers. From the straggling crowds that usually were to be found in the various resorts, the number has been augmented, and it would appear like a stampede town of the frontier of years ago. Most of the strangers are from Victor, where they came here to much trouble lately, and nearly all of them have money. The result has been the tables in the several resorts have been so crowded with eager players that even the tinhorn and piker has hard work to elbow in and deposit the price of a breakfast on the red. Every person wears a smile of satisfaction as though they had won a large sum at high wages, or they had all hit the game a pretty hard swipe. Bisbee is certainly riding easily on the top of the wave of substantial prosperity.

GRABBED DEWEY.

Millionaire and His Son Are Arrested in Kansas.

Kansas, Oct. 22.—Deputy Marshal Frank McGrath went to Riley county today, where he placed under arrest Millionaire C. H. Dewey and his son Chauncey Dewey. They arranged for immediate bonds until their hearing in the Federal Court at Topeka.

The charge against the Deweys is the fencing in of government land and the intimidation of settlers in Cheyenne county.

Among the principal witnesses for the government will be the Perry boys, whose relatives were murdered some months ago on the ranch near the Dewey house.

DENVER FAILS.

The New Cruiser Failed to Make Required Speed.

Boston, Oct. 22.—The second class protected cruiser "Denver" failed to make her contract speed at the government trial off Cape Ann today. While trial corrections will probably be in her favor they will not be sufficient to bring her up to the required speed.

15,000 TO 20,000 MEN MADE IDLE IN BUTTE

Cause Laid to Handling Down of Decisions of Judge Clancy

MINNIE HEALY MINE GOES TO HEINZE

As a Result All the Properties of the Amalgamated Copper Company Were Ordered Closed for an Indefinite Period.

Butte, Oct. 22.—As a result of the handing down of decisions today by District Judge Clancy, awarding the Minnie Healy mine, one of the richest properties in Butte, valued at ten million dollars, to F. Augustus Heinze, and then granting an injunction against the Boston and Montana company, principal property of the Amalgamated company in Montana, all the properties of the Amalgamated Copper company in Montana tonight were ordered closed for an indefinite period. It is estimated by officials of the company tonight that at least 15,000 men

will be made idle, and perhaps 20,000 before tomorrow night. Much excitement exists in Butte, and the city is thronged with idle miners, the crowds blocking the street corners discussing the situation.

Officials of the Amalgamated company are rather reticent in discussing the situation. Superintendent John Gillie said: "Managers of the various companies met and discussed the situation, and decided to close down, as there was no use trying to do business in Montana while the local courts were so manifestly adverse to the com-

JEFFRIES GOT IT.

Not a Scrap—but the Vaudeville Stage in His Thinker.

New York, Oct. 22.—There is considerable speculation in local sporting circles regarding the future movements of Jim Jeffries. The champion left his home in Los Angeles last week and is expected to arrive in this city today or tomorrow. Just what Jeffries is coming east for has not been divulged. It is understood that he comes for the purpose of arranging a fight with Jack Munroe, who has eluded the Californian thus far. Jeffries is willing to tackle Munroe before one of the San Francisco clubs next winter if the Butte miner will consent. Failing to get on a match, it is said that Jeffries will again go on the vaudeville stage or take a trip to Europe under the management of Billy Delaney.

BOUQUETS THROWN.

Not the Real Flowers, But Bunches of Admiration.

San Francisco, Oct. 22.—The second day's session of the American Bankers' Association was made interesting today by the address of Hon. William B. Ridgely, comptroller of the currency, and by flattering testimonials of the country's prosperity received from delegates of numerous states. The attendance today was large, equalling that of the opening day, and the interest of financial men of the nation continues unabated in the proceedings. Tomorrow will witness the closing of the session, when Hon. Ellis Roberts, treasurer of the U. S., will make an address, and the officers for the ensuing year will be installed.

YOUNG WOMEN.

Of Y. M. C. A., Hold Annual Talking Convention.

Galesburg, Ill., Oct. 22.—The Illinois Young Woman's Christian association holds its annual convention in Galesburg during the next three days and arriving trains today brought several hundred delegates and visitors from various parts of the state. A formal

welcoming meeting this evening ushered in the convention program and the first business session will be held tomorrow morning. In the evening the convention will listen to the annual address, which will be delivered by Dr. Cleland B. McAfee, formerly president of Park College.

The reports prepared by the state officers for presentation to the convention show that the association is making rapid progress in its work. The state association directs the work of the associations in the cities and in most of the Illinois colleges for women. A new association has just been organized with seventy members in the James Milliken university recently opened at Decatur.

IN JUSTICE TO MR. SCOTT WHITE.

The Gentleman Never Obtained Any Statement for the Review.

In justice to Mr. Scott White and to the Mexican officials at Cananea, the Review desires to say that Mr. White was never asked by any representative of the Review to interview Noftz for it. Further, that Mr. White never did interview Noftz for the Review directly or indirectly. And still further, that Mr. White has never communicated to the Review any statement made by or from Noftz, nor does the Review know at this moment whether Mr. Scott White ever in his life had any conversation with Noftz on any subject in the world. Also, with all due respect to Mr. Jennings and Mr. Asche, not a word can be construed in anything the Review has said that they were perjurers. The Review simply reiterates the statement made by Noftz since Sunday last, and which the Review knows he did make, that "he never made any statement to any one." Whether he did or not matters nothing to this paper. How the Review obtained the statement from Noftz does not concern the public. It simply got it. Mr. White never went to the jail in Cananea nor anywhere else for the Review, nor at its solicitation to interview Noftz or any other human being on any subject in the world. We say this simply in justice to Mr. White.

GOLD MEDAL FOR WARNER

The People of Bisbee Can Show Their Appreciation of a Manly Man

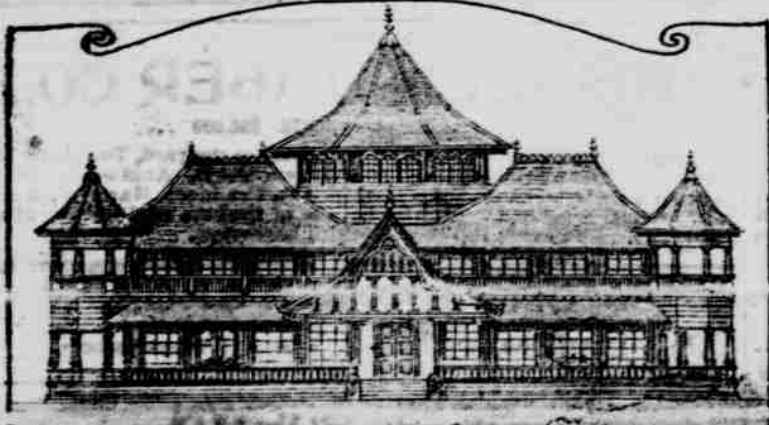

Miners Especially Will Join in the Purchase of a Gold Medal to Bert Warner Who Saved the Lives of King and Bowditch.

Unfortunately the press of dispatches upon the news columns of the Review crowded out the subscription list of those contributing to the purchase of a gold medal for brave Bert Warner, the young man who risked his life to save those of two of his companions. The first mail this morning brought a letter enclosing money order for one dollar from George Bravin, chief of police of Tombstone. Every miner in the district should place his name on this list and subscribe just what they can, in no instance over \$1.00.

Following are the receipts up to 5 o'clock last evening:

Bisbee Daily Review	\$1.00
W. B. Kelly	1.00
D. W. Semple	1.00
A. F. Stumpf	1.00
W. H. Buchman	1.00
Geo. J. Bravin, Tombstone	1.00
Frank J. Graf	1.00
John Twomey	1.00
W. B. Thompson of H. P. Barbour Co.	1.00
Total to date	\$9.00

When the subscription list is closed the amount will be placed in the hands of a committee consisting of Rev. H. M. Shields, Mayor Mulrhead, S. M. Clawson, Sept. 1st, and Judge McDonald, to purchase the medal and make a public presentation of it to Bert Warner.

CEYLON BUILDING, WORLD'S FAIR

When Menelik II. of Abyssinia was named United States Consul Skinner left for the purpose of negotiation of American trade in Abyssinia. The royal palace is also shown. Mr. Skinner leaves France for Abyssinia October 25.
